

Extreme Cuteness Now On Exhibit!

Knoxville Zoo's three red panda cubs are now on exhibit daily from 10:00 a.m. until 3:00 p.m. in The Boyd Family Red Panda Village nursery. Knoxville Zoo ranks as one of the top two zoos in the world for the breeding of endangered red pandas, and the new arrivals bring the total number of red panda cubs born in Knoxville to 102. Zoo staff christened the male cub Winston and the female cubs Bernadette, in honor of Bern Tryon, the zoo's long-time director of herpetology who passed away in May, and Dolly, in honor of Sevier County native and country music legend Dolly Parton. When told that she had a red panda namesake, Ms. Parton responded with gracious enthusiasm. "I am so excited to have my own 'Little Dolly' at the Knoxville Zoo," said Ms. Parton. It's a lot cuter than the sheep named 'Dolly'."

Hours of Operation

The Knoxville Zoo is open 364 days of the year from 10 a.m. to 4:30 p.m. daily. Knoxville Zoo is closed on Christmas Day, December 25. Admission and ticket sales stop one-hour before the zoo closes. Also, Knoxville school offers many learning opportunities for people of all ages. Educational programs include school fieldtrips, night safaris, home school Tuesdays, Bedtime with the Beasts, etc.

Any animal currently at Knoxville Zoo can be adopted. By becoming an Adopt-an-Animal parent, you can help provide a year of care for your favorite Knoxville Zoo animal. Animal adoptions help to ensure the animals at the zoo receive the nutritious diet they require, the best cutting-edge health care possible and a safe and happy environment in which to live. To adopt an animal, visit www.knoxville-zoo.org.
